HAPPENINGS IN NEVADA

Pencilings and Clippings of Recent Events in the State.

The Grand Chapter, R. A. M., convened in Virginia City Tuesday.

Citizens of Yerington, Lander county, are to experiment in boring for water.

An unknown man was found dead in bed at the hotel in Yerington last Thursday.

Yesterday morning about six miles from Sodaville, a Piute found the body of an unknown Chinaman who had been dead several days. One of his arms had been eaten entirely away by coyotes.—Lyon County Monitor.

There are 1,000 head of cattle for sale in Fish Lake valley, Nye county. They are ready for market and in prime condition.

City Clerk Carr of Grass Valley, Cal., is \$410 short in his accounts.

In the United States Court at Carson the other day Mr. Mark Regua was appointed receiver for the Eureka & Palisade railway, with bonds fixed at \$50,000. J. W. Adams and H. M. Yerington qualified and were accepted.

Austin is not a dead town by any means, for only last Sunday night there was a game of stud poker at the International saloon in which there was over \$900 on the table at one time, says the *Reveille*.

THURSDAY, JUNE, 14, 1900.

A NEW SERMON BY A POWERFUL PREACHER.

The United States fifty years ago opened the way to China as no country had done before that time. The Dutch had some rights to trade at one or two ports when negotiations were made and treaty rights acquired by the United States government from the government of China. The writer, who was then a schoolboy, remembers distinctly when these negotiations were made. The war with Mexico and the treaty that ceded to the United States the State of California as then bounded, were closed, but it was not then conceived in the mind of anyone that the empire there is now on the Pacific coast would so soon follow these circumstances; nor was it then thought upon that schoolboys then living would live to write about an appeal made by the Emperor of that country to the western nations to save the empire from destruction by itself.

Koang Su, Emperor of China, has made an appeal to the nations of the civilized world for aid to save his empire from destructive forces that are at work within it, which appeal is a result of conditions Koang Su cannot control. There are intelligent men in China who understand the pressure there is upon the empire and the absolute necessity there is upon it to make a change from its ancient exclusiveness to meet the progress there is about it; but an appeal to the nations was not expected, which is a work of necessity in the form of an alternative remaining to the Emperor to save his people from anarchy and his empire from dissolution. He commits himself and his country to the tender mercies of outside barbarians by asking their aid to control the work of destruction going forward under the cruel direction of revolutionists called Boxers, who, it is now ascertained, are doing their work under the cunning direction of the usurper Empress Dowager, who is an aunt to the Emperor.

The nations have taken the matter in hand to stay murder and suppress anarchy, but there is no assurance respecting the course the nations will pursue when they have acquired control over the country by invitation of a lawful, but imprisoned and therefore powerless Emperor.

It is said there is nothing new under the sun, which is true in the sense in which the language is used, but in a sense other than the one referred to there is something new under the sun included in the action of the powers present and participating in the work to restore order. There is more included in the work than there has been involved in anything that has occurred since the beginning. There is more evidence of progress in the action of the powers than there has been seen or known in the affairs of men or of nations till this time. The larger powers have invited the lesser nations to participate in the work, not with armies or with ships of war, but in a moral sense, by inviting the lesser nations to permit the use of their flags by the powers present, and in that way make the movement to restore order and peace a work of christendom.

The use and presence of the flags of the lesser nations will give to them a representation in the work engaged in to give peace to China. The movement is made largely to save the lives of native Christians and Christian missionaries from the fury of the heathen, and all Christian powers are called on to aid in some form in the work. It does not take the character of a crusade, but it does represent a oneness there is in the Christian faith. It will be a sermon preached to the heathen by a Christian world, and the nations of a Christian world will be the preacher.

The righteous roar of cannon may punctuate the sermon but it will not under the circumstances be any the less righteous because cannon are used in the work. Strange as it may seem the cannon's roar will emphasize "peace on earth, good will to men." When compared with the past we are living in most wonderful times, but it is only the beginning of a higher and better civilization.

The emperor has invited the powers to help in reforms he is desirous to make, by opening China to western enterprise and western civilization, which the Empress Dowager is opposed to receiving in the Empire. Attention has been directed by Koang Su to possible results that might follow a dismemberment of the Empire, which if true would be disastrous to the object he has in view and to all concerned, for which cause he asks that the Empire

be permitted to remain as it is, subject to such changes as will be necessary to make reforms desired by him and the more advanced men in the Empire.

He asks to be aided in reforms by western nations and western enterprise which will bring the people of his Empire in contact with the world and with western civilization. It is probable that the course outlined by Koang Su will be followed, subject to the directing power of the nations who have taken upon themselves to open up the Empire to civilization. England is in favor of the Empire remaining as it is. The United States will favor the course desired by England and it may be Germany will be favorable to a like mode of proceeding to bring the country under the influence of a more advanced civilization by trade relations.

Russia may oppose the plan of the Emperor as it is a desire of that power to acquire certain of the territory of China for its exclusive use in connection with its present and future purpose to control the trade of Asia. Should England, Germany and the United States agree to preserve the integrity of the Empire, Russia will have to submit, or fight, which latter will cause it to submit to the Greater powers that favor a maintenance of territorial integrity.

MINES AND MINING

Items About Nevada's Leading Industry Clipped From Exchanges.

The Lovelock Tribune reports a recent rich strike in the Grubstake mine, Trinity district.

Gravel worth \$1 to the wheelbarrow is being extracted from the Kiger find at Hogum, White Pine county.

Regular shipments of lead and copper ores are being made from Sandy district, Lincoln county.

At Searchlight, Lincoln county, the mine of that name has 10,000 tons of \$25 gold ore blocked out.

Everything is humming at the Vulcan company mines, and the outlook at the Parrot shaft is very encouraging.

The first payment on the Bluestone group of copper mines, Lyon county, has been made at San Francisco. Montana capitalists are the purchasers and will at once commence work on the mine in a systematic manner.

Mishaps.

Two driving accidents occurred in this city Tuesday afternoon. A horse took fright on the south side and dashed up Virginia street with an empty buggy. The fleet-winged steed was evidently after a divorce from the buggy, for he turned into the court house yard. The vehicle was unable to pass through the gateway, and the martial ties were quickly sundered.

Two gentlemen had an adventure on Washington street. Their horse stepped in a mud-hole and somersaulted. The gentlemen followed suit. Buggy badly damaged.

Their Labors Finished.

Last evening the census enumerators concluded nose-counting in this city. Evidently they made a close canvass, for only three missing names were reported yesterday.

There is considerable speculation as to what population the returns will give us. Gossiping and betting runs all the way from 5,400 to 7,000.

A baby show will be one of the attractions at the Winnemucca Fourth of July celebration.

A Cable With a History.
The cable of the Western Union Telegraph company which runs under Lake Champlain from Ticonderoga to Larrabee's Point has something of a history. It was made in Europe and was first used in connecting opposite shores of the Red sea. From there it was brought to Hilton Head, where it was used in connecting that place with Tybee Island, near Beaufort, S. C. At the close of the civil war it was taken up and carried to New York city, where it remained for several years in the company storehouse before it was placed where it now is.

His Inspiration.
"What furnishes your inspiration," they asked of the author.
"My wife," was the reply.
"How lovely!" they cried. "How perfectly idealistic!"
"Yes," he went on, "if the muse ever halts and I feel like loafing on my job, her demand for a new gown or some additional money for household expenses stirs me to renewed effort and puts Pegasus in a gallop."—Chicago Post.

Some Mistake.
"What does she say?" asked the crafty politician who had reformed the committee to his wife for information as to his intentions.
"She refuses to talk," replied the spokesman of the committee.
"Then it wasn't my wife you met, gentlemen," he rejoined, with great positiveness. "It was somebody else."—Chicago Tribune.

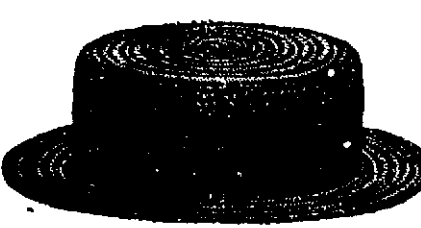

An Example and a Warning.
"I'm afraid," said the patient wife, "that yours will be the fate of Abel."
"Why, what do you mean?" asked the astonished husband.
"Well," she replied, "Abel was killed by a club, and your club will be the death of you if you don't come home oftener."—Chicago News.

BRIEF WIRED WORDS.

The Japanese and Belgian legations in Peking have been attacked by mobs and several fatalities have occurred.

Admiral Sampson has won his suit in the court of claims and will receive \$8,000 as his share of the prize money in the Santiago naval battle.

The latest dispatches tell of successful engagements by Generals Methune and Kitchner.

The authorities have now the situation in St. Louis well in hand.

It is rumored the British government has offered heavy bribes to Boer leaders to lay down their arms.

British casualties in the Transvaal up to date aggregate 23,664, besides 13,000 officers and men sent home as invalids and the sick in South African hospitals.

Three lives were lost yesterday in a big fire in New York.

The Hawaiian legislature is about to be convened.

The latest news from Pao Ting Fu is that the Boxers, 6,000 strong, are attacking the Catholic convent there. The situation is critical and the officials are evidently inactive.

Indians at Peace.

The "braves" who were frightened out of their senses by the act of the Indian assassin, Higgins, are again returning to their campodies. It is amusing to witness the timidity of the red men when a case of this kind arises, and it leads one to believe that the braves of Fenimore Cooper existed only in the imagination. Doves of them huddled together, eagerly awaiting news from the murderer and were targets for the improvised reports of the urebins. Any sort of rumor tending to report the Indian within twenty miles of the Comstock sent them scurrying to cover.—Report.

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women and all feel this results in loss of appetite, poisons in the blood, backache, and tired, listless run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just thing for a man when he is all run down, and and don't care whether he lives or dies. It did more to give me new strength and appetite than anything I could take. I can now eat anything and have new lease on life." Only 60 cents at S. J. Hodgkinson's Drug Store Every bottle guaranteed.

Oamille Lonkey and Arthur Ondon have returned from a trip over the lands of the Verdi Mill Co.
The Comstock power line has reached a point about four miles from the electric plant at Mystic hot springs.
Ties will shortly be out for the new railroad. These will probably be sawed at one of the mills along the proposed route.
The Dog valley sawmill, under the management of Al Revett, is running steadily. The output is about ten thousand feet per day.
The walls of the new store are nearing completion. The next few weeks will make a big difference in the appearance of the structure.

Wheelmen
Meeting Held.

The regular semi-monthly meeting of the Reno Wheelmen was held last night. There was a large attendance.
Racing matters were considered and, while there is a rumor that Carson has abandoned the race for the 24th, the club has received no official notification. In the event, however, that the Capital city boys conclude not to come, the racing board will arrange for an exhibition by local riders.
A committee waited upon Assistant General Passenger Agent Donaldson of the Southern Pacific on his arrival from Virginia last night. He gave the club a generous offer in the way of transportation for the club on July 4th. The rate will be \$7 for the round trip, good for five days, provided that, not less than sixty tickets are sold. All who receive this rate must leave on the same train.
The Sacramento club extended an invitation to the racing team and members of the club to turn out in the Fourth of July parade. The offer was accepted.
A committee of three was appointed to canvass the town to see who would go to Sacramento. Any who are missed by the committee are requested to leave their names with Sam Mozingo at Nelson's cigar store.
A communication was received from the National Cyclists' Association, stating that Nevada is entitled to a State council, to which W. H. McInnis was appointed; one member of committee on track racing and records, to which R. B. Hawcroft was appointed, and one member of the committee on rules and regulations. W. W. Webster was appointed to this committee.

A Scout and
Indian Fighter.

J. H. Sullivan, "Broncho John," spent last night at the Riverside and favored the JOURNAL office with a pleasant call.
Mr. Sullivan is on his way from the Philippines to Washington, where he will report for assignment. Since 1874 he has been in government service as Indian fighter, scout and in secret service. He was with Crook and Miles in some of their famous campaigns and served through the Spanish war as master of transportation for the Third and Seventh army corps. Mr. Sullivan showed the JOURNAL scribe warm commendatory letters from Buffalo Bill, General Fitzhugh Lee, General Roberts, General Coppinger and others with whom he had served in various campaigns.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

High Diving Dog.

Holmes & Hulbert, a comedy duo from San Francisco, came in on the flyer last evening and will join the Quaker Doctor's company of entertainers. They have with them their little dog Dandy which has the reputation of being the highest diving dog in the world, having dived from a height of 72 feet in Kansas City. He will make his initial dive in Reno this evening, the weather permitting, on the vacant lot on the corner of Second and Sierra streets with this addition that the Quaker Doctor will certainly be in a position to give a high class entertainment and one which will thoroughly appreciated by Reno's pleasure loving citizens.

My girl's a dream,
So the boys all say.
My girl's a dream;
She's my sweetheart May.
She'll soon be mine.
She has named the day.
She's the sweetest, the dearest.
Yes, my girl's a dream.

FOSTER'S PROPHECY

The Journal's Copyrighted Guess at What the Weather Will Be.

(Copyright, 1900, by W. T. Foster.)

ST. JOSEPH, Mo., June 13.—About the date of this bulletin a high or warm wave will be in the great central valleys, moving slowly eastward and a warm wave will then be in the Rockies of the northwest.

The temperature of the week ending 8 a. m. July 2, will average below and the rainfall will be below normal east of the Rockies, the reverse west.

A great fall in temperature is expected from the 16th to the 26th, on meridian 90; one to three days earlier west as much later east.

This fall will bring many local showers and these will determine where the July drought is going to be. Places missed by these June showers will be so dry in July that in them corn will be seriously injured.

This cool wave, which is expected to cross the continent from the 24th to the 28th, will go near the frost line in some of the highlands of the northern States and Canada.

Millions Given Away,

It is certainly gratifying to the public to know of one concern in the land which is not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on S. J. Hodgkinson, Druggist, and get a trial bottle. Regular size, 50 cents and \$1. Every bottle guaranteed or price refunded.

Remarkable Cure of Rheumatism.

KENNA, Jackson Co., W. Va.
About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A.
